Notice

While still offered, for this publication we have removed pages from our previous years which detail our 2.0 and SB3 Panel Systems.

Panel systems products are now in their own catalog, check online or request a copy as needed!

Terms and Conditions

1. Terms of Payment

- Qualified Customers will have Net 30 days from date of order completion, and a 1% discount if paid within 10 days of the invoice date.
- Customers lacking credentials may be required down payment or deposit in full prior to production.
- Finance charges of 2% will be applied to each invoice past 30 days.
- Terms of payment will apply unless modified in writing by Custom Office Design, Inc.

2. Pricing

- All pricing is premised on product that is made available for will call to the buyer pre-assembled and unpackaged from our base of operations in Auburn, WA.
- Prices subject to change without notice. Price lists noting latest date supersedes all previously published price lists.

Pricing does not include

- A. Delivery, Installation, or Freight-handling charges.
- B. Product Packaging, or Crating charges.
- C. Custom Product Detail upcharge.
- D. Special-Order/Non-standard Laminate, Fabric, Staining and/or Labor upcharge.
- E. On-site service charges.
- F. Federal, state or local taxes.

3. Ordering

A. All orders must be made in writing and accompanied with a corresponding purchase order. Orders will only be accepted when received formally through email, or fax. Orders that have been received and accepted shall be acknowledged with a confirmation. Please use descriptions, model numbers, prior quotation information and finished codes, including laminate, fabric, or wood edge color in your order description. See Page 5 for Example.

B. Preliminary Orders - A preliminary order is a firm order submitted to Custom Office Design, Inc. which lacks the complete information required to proceed with the manufacturing of that order, such as: size, color, or choice of materials, etc. Preliminary orders will be governed by all standard Terms and Conditions of Sale. Preliminary orders must include a requested ship date. We may acknowledge preliminary orders with a tentative ship date, and at the time of confirmation will specify a date by which this information must be received in order to meet the confirmation ship date. If this information is not received by the date specified the order will be rescheduled to a later date and re-acknowledged accordingly by Custom Office Design, Inc. Orders which are rescheduled by Custom Office Design, Inc. due to the non-performance of the customer in supplying the information required to complete the order as requested by Custom Office Design, Inc. will be subject the pricing policy in effect at the time of actual shipment.

C. Order Cancellations are subject to a charge of up to 20% of the net total bill of materials, including any charges that have accrued through manufacture or purchase of special materials.

D. Order Confirmations will be made by email or fax to the customer. It is a responsibility of the customer to review this acknowledgement carefully to see that it is correct in regards to the bill of goods, pricing, and in all other respects.

E. Revisions, Additions and/or Deletions to an Order will be accepted if confirmed by Custom Office Design Inc.. Additions to in-house orders will be accepted at the same pricing rate as the original order and to the same address. Certain revisions to orders may affect delivery and pricing.

G. Customer is solely responsible for any errors of measurement on any custom manufactured product.

Terms and Conditions

Continued from previous page

4. Taxes

All taxes are the responsibility of the customer and are not included in our pricing. It is the customer's responsibility to provide Custom Office Design, Inc. with appropriate Tax Numbers prior-to/or at the time of order entry, otherwise tax will be applied as required.

5. Minimum Orders

The minimum order that will be accepted is \$100.00 net. Orders for less than \$100.00 net will be billed at \$100.00 net.

6. Deposit Requirements

Orders in the amount of, or exceeding \$5000 net require a 50% deposit in addition to preceding terms. Until this condition is met the order will be placed on hold. Upon meeting this prerequisite Custom Office Design will then proceed with the acquisition of any materials or components required for production.

7. Product Changes

With principle to provide our customers with dependable product of consistent quality that is fit for use in the modern climate Custom Office Design, Inc. reserves the right to change engineering, or design specifications without providing notice, and without incurring obligation or liability.

Any product discontinued by Custom Office Design, Inc. will be made available only for a period of one year after date of product cancellation as applicable.

8. Will-Calls

Upon the completion of a project's production Custom Office Design will notify The Buyer of the projects availability for will call. The Buyer may not will call the order prior to notification from Custom Office Design, Inc.

9. Delivery, Shipment, Freight

Common Carrier-delivery to the Carrier at point of shipment shall constitute delivery to The Buyer, and The Buyer shall assume all risk for subsequent loss or damages. Custom Office Design, Inc. cannot guarantee delivery by a common carrier to any specific date. The consignee is responsible for the validation of all freight rates.

Delivery/Freight-handling can be arranged upon request with the proper information provided, and direct cost for the operation will be included in the order's total unless it has been arranged that the operation will be handled Freight-collect.

Operations handled Freight-Collect will be made with instructions for The Carrier to send freight bills to The Buyer at their main office.

10. Returns

No merchandise may be returned to the factory without an authorization from Custom Office Design, Inc.

Items returned must be in original condition. Damaged items will be assessed and charged accordingly. No custom units will be accepted.

11. Warranty

Material and factory workmanship of standard Custom Office Design, Inc. products are warranted for a period of 5 years for the date of invoice from our factory (unless otherwise stated in writing), provided the products are subjected to only the usage for which they were designed and provided they are installed in accordance with Custom Office Design, Inc. recommended installation procedures and cleaning instructions.

Ordering Example

Ordering a 30" Deep by 72" Wide Arcadia Series Desk Shell

A. After deciding the Series for the unit from our Specifications page -- **Arcadia** -- find the Model Number for the unit with a depth of 30" and a width of 72" on the Desking Page -- **D-0-3072**-- and Note the List Cost located under the column for the Arcadia Series -- **\$611** -- Apply your Discount to the List Cost to determine your Net Cost for the base unit.

B. When Describing the 30" D x 72" W Desk Shell in Request, First place the first letter of the series in front of the Model Number, like so: **AD-0-3072**

C. Make sure to include your choice from of our Standard Colors Selection when describing the unit in your request, Ex: "*Finished in Hardrock Maple*".

Ordering a 30" D x 72" W Arcadia Series Desk with Left-Hand Built-in Box/File Pedestal

A. Like ordering the Desk Shell, Locate the Model Number for the unit -- **D-2-3072*** -- in this instance, the change of a **0** in the **D-0-3072** Model Number to a **2** indicates that a 2 drawer (box/file) pedestal will be built-in to the unit. For Desks with Pedestals on both Left and Right, the **0** is changed to a **4**.

B. When Describing the 30" D x 72" W Desk with Box/File Pedestal in Request, First place the first letter of the series in front of the Model Number just like before, but in addition to designating the series, the Left or Right-Hand location for the Pedestal must also be designated, and that can be done simply by replacing the Asterick (*) at the end of the model number to an **L** for Left or **R** for Right.
EG: **AD-2-3072L**

C. Make sure to include your choice from of our Standard Colors Selection when describing the unit in your request, Ex: "*Finished in Hardrock Maple*".

Adding Options to your AD-2-3072L

A. Towards the bottom of the Desking Page -- and also on most pages throughout the catalog -- there will be Options listed that can be added to upgrade/alter the produced unit.

B. To Upgrade the Built-in Box/File Pedestal to a Box/Box/File, Find the abbreviation on the left hand side of the Options List -- **BIB** -- note the addition list cost, and append that abbreviation to the end of the Model Number like so: **AD-2-3072L-BIB**

C. In addition to Upgrading the Built-in Box/File to a Box/Box/File, you may want to add a lock. To do so, just like with the BIB upgrade, locate Lock in Miscellaneous Options -- **L** -- noting the additional cost, and append the abbreviation to the end of the model number after the -BIB, like so: **AD-2-3072L-BIBL**

D. In addition to added security, you may want to upgrade the side pulls that come standard on our pedestals. Locate the Stock Pull of preference on the **Surface Hardware Options (page 51)**, and add the list cost multiplied by the number of drawers (Box or File) that you expect to have on your unit, and make sure to note the pulls in your description of your request so we know what you need, "*with #3 Pulls*".

E. Focusing more on the Shell of the unit, if a Full Modesty Panel is desired, Locate it in the Options List like before -- **FMP** -- and append that after the model number but before any pedestal-related additions, so for our current unit adding a full modesty panel would look like: **AD-2-3072L-FMP-BIBL**

Typicals

Specifications by Series

Vashon

TOP

1-1/8" Industrial board covered on both sides with (TFL) thermo-fused laminate, and edged with 0.02MM PVC Edgebanding.

ENDS

Systems Specifications

See below for additional product specifications not listed on the individual product page(s).

Overheads

3/4" Industrial board covered on both sides with (TFL) thermo-fused laminate and finished with matching Self Edge. Fits standard binders. Standard with French Cleat hardware for wall mounting application. Units 48" Wide or greater will have center divider unless specified.

With Doors

Hinged door uses 110° self-closing hinge. Flipper Door slides up and over top of unit, whereas Inside-Flipper Doors slides up and inside of the unit; both fit standard binders.

Storage Pedestals

3/4" Industrial board laminated with thermo-fused laminate. Unit comes with unfinished-top and unfinished-back, with full-extension Accuride® or Accuride-supported hardware with 1" over travel, with black vinyl box/file drawers, and with leveling glides.

End Support Panels 1-1/8" (TFL/LP) Self Edge, PVC Edge

1-1/8" Industrial board covered on both sides with (TFL) thermo-fused laminate and finished with selection of edge option. All supports supplied with leveling glides and mounting hardware.

Work Surfaces 1-1/8" (TFL/LP) Self Edge, PVC Edge, T-Mold Edge, or Wood Edge

1-1/8" Industrial board covered on both sides with (TFL) thermo-fused laminate and finished with selection of edge option.

Wood Edge stain available to match most Standard Laminate Finishes, Non-standard matches may not be available without an additional upcharge depending on selection, please inquire in advance of order.

Work Surfaces 1¼" (HPL) Self Edge, PVC Edge, T-Mold Edge, or Wood Edge

1-1/4" Industrial board laminated with (HPL) high pressure laminate and backing sheet and finished with selection of edge option.

Wood Edge stain available to match most Standard Laminate Finishes, Non-standard matches may not be available without an additional upcharge depending on selection, please inquire in advance of order.

Work Surfaces 1¾" (HPL) Self Edge, or Wood Edge

1-3/4" Industrial board laminated with (HPL) high pressure laminate and backing sheet and finished with selection of edge option.

Wood Edge stain available to match most Standard Laminate Finishes, Non-standard matches may not be available without an additional upcharge depending on selection, please inquire in advance of order.

Description	Diameter	Height	List Price	Weight	
Steel Post Leg	2"	28-3/8"	\$69	5	
PVC Post Leg,	4"	28-3/8"	\$111	7	
* Issued at listed height if not specified on order, available at a maximum height of 36"					

Systems Accessories

Anti-sag/Support Bar

- Under-surface mounted reinforcement hardware. Available in 48" Lengths, specify shorter as-needed.

List Cost: \$30/Each

Center Drawer (CD-1)

- 17" Deep x 21" Wide with 2" High Laminate Face. Pull Hardware Applicable but not included standard.
- Includes under-surface mounting hardware, drawer distance from mount can be adjusted after installation.

List Cost: \$217/Each

Cord Grommet

- Black ABS Material, Fits 2-3/8" (60MM) Bore Hole, 2-27/32" (72MM) Overall

List Cost: \$6.25/Each

Laminate Modesty Panel

- Finished in any of our Standard or Accent Laminate Finishes, vertical grain directed where applicable. **Request quote for custom sizing**

Example 3/4-Height Modesty Panel Replacement Costs

- \$84 List for AD-0-3048
- \$106 List for AD-0-3060
- \$128 List for AD-0-3072
- \$150 List for AD-0-3084
- \$172 List for AD-0-3096

Sliding Keyboard Tray (SKB)

- 15" Deep x 21" Wide x 1-1/8" Thick Laminate Tray. Finished in any of our Standard Laminate Finishes.
- Includes under-surface mounting hardware, distance from mount can be adjusted after installation.

List Cost: \$121/Each

Wall mounted Cantilever L-Bracket (Black)

- Wall mounted surface support hardware, finished black.
- Applicable for supporting surfaces from 24" to 36" wide.

List Cost: \$63/Each

Option/code	Description	Add List
CG	Add 2½" Diameter Cord Grommet Cover and Cutout (Specify preferred location)	\$47 / Each
MC	Add Miter Cut/Cut Out, for Access or Grommet (Dimensions must be specified as needed)	\$152 / Each

1-1/8" LP Extended Corner Worksurfaces

Continued from previous page

Description

Indicate the Inside Corner to extend towards the left-hand side by replacing the first asterisk (*) in the model with **L**, or to the right-hand side with **R**. Indicate preference of Angled or Radius Inside Corner by replacing the second asterisk (*) with **A** for Angled or **R** for Radius.

List Cost Includes Radius or Angled Inside Corner and an Outside Corner Cord Grommet.

1-1/4" HPL Extended Corner Worksurfaces

Continued from previous page

Description

Indicate the Inside Corner to extend towards the left-hand side by replacing the first asterisk (*) in the model with **L**, or to the right-hand side with **R**. Indicate preference of Angled or Radius Inside Corner by replacing the second asterisk (*) with **A** for Angled or **R** for Radius.

List Cost Includes Radius or Angled Inside Corner and an Outside Corner Cord Grommet.

Occasional Specifications

See below for additional product specifications not listed on the individual product page(s), see **page 43 for additional Wood Edge Profile Options.**

Wood Framed Screens and Transitional Posts

3/4" wide x 1 3/4" deep Beech (or Maple) Hardwood Frame surrounding Clear Plexi-glass Screen.

Transitional Posts

Beech (or Maple) Hardwood. List Pricing allots for Transitional Posts up-to 30" in height, please make sure to specify needed-height, and request pricing for units exceeding 30" in Height.

Desktop Risers with 1-1/8" Top (TFL/LP) Self Edge, PVC Edge, or Wood Edge

1-1/8" and 3/4" Industrial board covered on both sides with (TFL) thermo-fused laminate, and finished with selection of edge option. 1-1/8" Thick Top and End Panels and 3/4" Thick Flush Modesty Panel.

Riser with 1 3/4" Top (HPL) Self Edge, or Wood Edge

Top 1-3/4" Thick, Industrial board laminated with high pressure laminate and backing sheet and finished with selection of edge option.

Acoustic Textile Wrapped Tackboard

Panel wrapped in 100% recycled acoustical performance polyester textile that meets ASTM-E-84 class 1.

Visual Aid Boards

Case 3/4" Industrial board laminated with high pressure laminate, inside of back with non-magnetic whiteboard write-on/wipe-off high pressure laminate. Standard design includes french cleat for simple wall mount application.

Doors 3/4" Industrial board laminated with high pressure laminate, with 180° self closing hinges.

Parsons Tables

Surfaces 1-1/4" industrial board laminated with high pressure plastic laminate and backing sheet, available edge options include Self Edge, Profiled 3MM PVC, and Profile 3MM Wood stained to match.

Solid Wood Base is made of 1 3/4" hardwood stained to match Surface. Supplied with leveling glides.

Round Tables

Surfaces 1-1/4" or 1-3/4" industrial board laminated with high pressure plastic laminate and backing sheet, edged with profiled 3MM PVC Edge, Option for solid wood edge stained to match on request.

4-Leg Base is made of 1-3/4" thick solid hardwood at listed height, stained to match surface. Supplied with leveling glides.

Laminate X-Base is 1- 1/8" industrial board covered on both sides with (TFL) thermo-fused laminate, sealed on the bottom and supplied with leveling glides.

Cylinder Base is 1/2" fiber board laminated with high pressure laminate, supplied with leveling glides. Surfaces up-to 48" diameter with 20" diameter base, over 48" diameter Surfaces with 24" diameter base.

Cylinder and Radius Cube Tables

1/2" fiber board laminated with high pressure laminate, supplied with leveling glides.

Cube Tables

3/4" industrial board laminated with high pressure laminate, supplied with leveling glides.

Occasional Wood Framed Screens and Transitional Posts

Description

Wood Framed Screens

3/4" wide x 1 3/4" deep Beech (or Maple) Hardwood Frame surrounding 1/4" Thick* Clear Plexi-glass Screen.

Transitional Posts

Beech (or Maple) Hardwood. A Transitional Post is required between Wood Framed Screens to achieve directional change. List Pricing allots for Transitional Posts up-to 30" in height, please make sure to specify needed-height, and request pricing for units exceeding 30" in Height.

Quickship

Depending on the availability of Plexi-glass for the required quantity, Screens with the Wooden Frame painted in Black, painted in White, finished in Cherry, or finished in (Clear) Maple are eligible for 1-week "Quickship" Lead time from the date of Order to the date the product will be available for Will Call. Other finishes are ineligible.

** Plexi-glass Thickness subject to market availability, C.O.D. reserves the right to change this specification without providing notice.*

Occasional Parsons Tables

Notice

Parsons Table Solid Wood Base is made of 1¾" hardwood, and is stained to match top unless specified.

When describing the Parsons Table in your order, change the asterisk at the end of the model number to indicate your edge type preference for the worksurface: **SE** for Self Edge, **3P** for 3MM PVC Edge , or **WE** for 3MM Wood Edge.

Conferencing Specifications

See below for additional product specifications not listed on the individual product page(s), **See next page for additional Wood Edge Profile Options.**

General Specifications

Surfaces 1-1/4" or 1-3/4" Industrial board laminated with high pressure plastic laminate (HPL) and backing sheet.

Standard Edge 3MM Solid Wood with 3MM Radius and Stained to Match a C.O.D. Standard Laminate Finish, with option for Profiled 3MM PVC on request (Excl. on 1-3/4" Surfaces where unavailable).

Slab Bases 1-1/8" Industrial board covered on both sides with (TFL) thermo-fused laminate, and including 1-1/8" x 15" H **Support Rail** (Tables with Surface Power Grommet Cutout will feature Two Support Rails instead of One). All ends are sealed on the bottom and are supplied with leveling glides.

Powered Specifications

Surfaces 1-1/4" or 1-3/4" industrial board laminated with high pressure plastic laminate (HPL) and backing sheet. Single-piece Surfaces including centered cutout with inset laminate bay doors for access to sub-surface Power Management Trough. Multi-piece Surfaces with additional/offset cutout(s) and bay doors, based on design.

Standard Edge 3MM Solid Wood with 3MM Radius and Stained to Match a C.O.D. Standard Laminate Finish, with option for Profiled 3MM PVC on request (Excl. on 1-3/4" Surfaces where unavailable).

15" W x 10" H **Sub-surface Power Management Trough** with Full-height Side-access Door (up to 36" in length), and bottom with scalloped ends. Trough length and number of sections depending on the design of the table. Includes Grounded Softwire Power Strip and Inset Fixed Shelf for (Included) Power Module mounting. 3/4" Industrial board covered on both sides with Black thermo-fused laminate (TFL) and finished with matching Self Edge.

8" Hollow Slab Bases constructed from industrial board laminated with high pressure plastic laminate (HPL). All ends are sealed on the bottom and are supplied with leveling glides.

Conferencing Specifications

Continued from previous page

Custom Office Design is able to manufacture products featuring shaped wooden edge from a variety of detailed profiles, including but not limited to those depicted below. Crafted from a wood species identified as complimentary for staining to match applicable colors from our selection of standard laminate finishes.

Wooden Edge thickness is traditionally built to match Surface thickness with build-down available upon request (additional charges may apply). Profiles are categorized by Width (projection distance from surface) below, see each profile's description for additional specification. **Request Quote for Pricing.**

1-1/4" and 1-3/4" Width Profiles

<p><u>Bullnose</u></p>  <p>Radius over surface-matching thickness edge.</p>	<p><u>Knife</u></p>  <p>Flat from surface to 1/2" H Face with top and bottom bevel detail, down-angled to surface-matching thickness.</p>
<p><u>Waterfall</u></p>  <p>Edge face top with 3/8" radius detail, 90° corner bottom edge</p>	<p><u>Reverse Knife</u></p>  <p>Down-angled from surface to 1/2" H Face with top and bottom bevel detail, flat to surface-matching thickness.</p>

1/2" Width Profiles

<p><u>Reeded</u></p>  <p>Reed shaped details, each with radius.</p>	<p><u>Tri-Round</u></p>  <p>Top and bottom reed shaped details with radius, and center inset detail with radius.</p>
